

We have implemented the new Bitdefender email security platform which is based on Mesh's Email Gateway Security platform which will help to protect against threats and spam. To ensure we don't incorrectly block an email you need, a tiny fraction of your email will end up in quarantine. These emails will be shown in quarantine digests which you will receive three times a day: 9 a.m., 12 p.m. and 4 p.m. Digests will only be delivered if there has been an email quarantined since your last digest. Emails are quarantined for 28 days after which they are automatically deleted. It is very **IMPORTANT** that you help train your digest by understanding the following:
