Make sure you have your LastPass account setup before activating your Hudu account.
Wait for your welcome email and when you recieve it, click on the link to **Start setting up my account →**

ayed, click here to view it in a web browser.

You have been invited to join ComputersDOTCalm:
Start setting up my account →

Because of the nature of this site, there is an added layer of security provided by Cloudflare. Enter in your email address provided and then click the **Send me a code** button.

If you enter in the proper email address (the same email address used that you received the Hudu welcome email), you will then be asked to enter in a code. Wait for the email from Cloudflare, enter in the code in the space provided and then click the **Sign in** button.

If the code is correct, you will be asked to create a password.

© 2024 - ComputersDOTCalm

Enter in your name and create a strong password. When done, click the **Complete Registration** button to continue.

Scan the QR code with your LastPass Authenticator app on your mobile device and enter in the code in the space provided (in LastPass, the code will show under ComputersDOTCalm - you may want to edit this label). When done, click the **Activate 2FA** button to continue.

If everything looks correct, click the **Return to Dashboard** button at the top to log into your Hudu profile.
